- From the official artwork and game files!

Are you a fan of Metroid?

With pose inspiration taken from official *Metroid* artwork, this spectacular statue is based on the official game files, in order to produce an **extremely accurate recreation** of the Phazon suit. This suit is cast in transparent resin—with over 25 LED lights—and finished off with a **mirror base** that really shows off the lights and the remarkable sculpture. When the lights are turned off, an internal IC chip allows them to fade out slowly. To create an authentic representation, the stunning piece is **hand finished and hand painted** with metallic paints. The statue measures 8-inches tall, with the base about 11-inches wide. It's enough to make a *Metroid* fan out of anybody! Limited edition of 1,500 pieces.
